Peewee Prep Camp 2018

On Ice & Dryland Program

A high Intensity, on-ice hockey program, designed for Bantam players looking for the 'Competitive Edge' during the upcoming seasonal tryouts. This program will provide a quality overview of the skills sets required for the 'Next Level' of a young hockey players development. The on-ice program will be complimented with an intense / dynamic, hockey specific, dryland program, designed to increase a player's physical confidence.

The **Hard Hockey** programs are designed to cover multiple aspects of **Hockey IQ** and the **Individual Skill Set** development, which player evaluators are looking for in a young hockey player. The on ice sessions will consist of '**High Tempo**' / '**High Intensity**' drills, covering both **Offensive and Defensive** aspects of the game.

"It's what you do in the off season that sets you up for success during the season"

Program Overview: JULY / AUGUST CAMP: 1 Week (Sun – Thurs)

- **Hockey IQ** related Skill Development (Defence & Forwards)
- Improved conditioning through 'High Tempo', **Competitive & Challenging** drill execution
